Mr. Joseph Rossignoli
Project Director
Granite State Power Link
PO Box 1440
Concord, NH 03302
joseph.rossignoli@nationalgrid.com

Mr. Rossignoli:

We, the CNHCC (Central NH Chamber of Commerce), write today to express our support for the proposed Granite State Power Link project.

We represent a wide array of communities in New Hampshire, both along the GSPL project route and beyond. We choose to support the GSPL because it accomplishes the important goal of delivering up to 1,200 MW of clean, reliable, and affordable power to New England with virtually no negative impacts to our member businesses, along the route. We also applaud GSPL for its plan to work with existing towers maintaining the state's natural beauty.

The CNHCC held a forum to hear more about the proposed GSPL project and the audience was very supportive. This was discussed at our last Board of Director meeting and the BOD voted unanimously to support GSPL as an alternative solution to the energy challenges for New Hampshire and its residents.

We hope our letter can be of some assistance.

Sincerely,

On Behalf of the Central NH Board of Directors

Frank Cocchiarella
Executive Director
