Mr. Joseph Rossignoli, Project Director
Granite State Power Link
P.O. Box 1440
Concord, NH 03302
joseph.rossignoli@nationalgrid.com

Dear Mr. Rossignoli,

We are pleased to inform you that IBEW, Local 103, intends to actively encourage the Massachusetts Clean Energy Center to seriously consider the merits of the Granite State Power Link in the upcoming RFP process.

As you know, Local 103 provides a well-trained, efficient, and highly productive workforce for utilities, municipalities, and contractors across the region. Local 103 grasps the need for clean, renewable sources of energy in New England to address the region's energy shortage and we strive to work with all transmission developers in the advancement of these projects.

We look forward to working on the Granite State Power Link to deliver a much-needed source of clean, reliable energy to the region. Please do not hesitate to contact me in my office.

Sincerely,

Louis J. Antonellis
Business Manager
