RE: Sheldon Solar Project – 20 MW Array

Dear Board Members,

The Town of Sheldon Selectboard has been meeting with the Ranger Solar team to better understand the proposed Sheldon Solar, LLC project located in Sheldon Springs. Ranger Solar's team is competent, experienced, and professional. The Town of Sheldon officially supports the development of the proposed Project, so long as it is designed, constructed, and operated in a manner which meets the requirements of the state. The project will provide economic benefits to the Town and State of Vermont.

Sincerely,

Gregory Stebbins
Chair,
Sheldon Selectboard

Cc: Zoning Administrator
