

From:

The Town of Clifton Board of Selectmen

Clifton Town Office

135 Airline Road

Clifton, Maine, 04428

To Whom It May Concern,

This letter is intended to demonstrate our support in principle for the Silver Maple Wind Project, pending regulatory approval. The project is proposed to be within the town of Clifton adjacent to the Pisgah Mountain Wind Project.

The Town of Clifton planning board, with the help of public input, spent more than a year developing a comprehensive land use ordinance that includes protections specific to commercial wind energy facilities. This letter does not circumvent the need for any Town permits, or bind the town in any ongoing to future negotiations for the Pisgah Mountain or Silver Maple Wind Projects.

We acknowledge that Pisgah Mountain Wind Project will confer substantial economic benefits to the Town of Clifton over its operational lifespan, and it is our hope that the Silver Maple Project is successful.

Yours truly,

The Town of Clifton Board of Selectmen
